## "FROM FACTORY TO HOME"

HOW OFTEN YOU SEE THIS HEAD-LINE

All the goods we have in our homes must come from the factory, but the question is how many hands do the goods go through before they reach the home. In buying from the smaller dealers one has to pay one or two jobbers' profits. In buying from THIS STORE you save this extra expense, for nearly everything is bought direct from the factory in carload lots, which brings to mind the motto: "Goods well bought are half sold."

## Our Carpet Department

Is filled with all the newest ideas in Floor Coverings. We are mill agents for the famous "Park Mill All Wool Carpets" and sell them the same as the ordinary wool carpets are sold. It's to YOUR ADVANTAGE to buy these. Our display of Room-sized Rugs surprises all who visit our store, even though they have seen the goods in larger cities. They say: "You sell cheaper here than any place we've found, and such a large assortment to select from, too."

## Our Furniture Department

The same story applies to our Furniture. We are showing the largest line of Chamber Suits, Dining-room Furniture, Iron Beds, Hall Furniture, Library and Parlor Tables, Fancy Chairs and Rockers and all the newest creations in Furniture Novelties ever shown in this section.

Our Special For the Remainder of This Week, One Hundred Smyrna Rugs, 30 x 60, in Good Colors, at 98c. Sale Closes September 7th.

Beckley. On account of her advanced age it is feared that she will be confined to her bed for a long time as a result of her injuries.  
 Concerning Mr. Jolly's lecture-entertainment in the city of Wichita, Kans., the Wichita Daily Eagle says: "For two hours he kept the audience royally entertained with his wit, humor, jollities, impersonations and solid common sense. His lecture reveals great originality. His impersonations and character work show the genius of a born actor. Should he return to Wichita again he would be greeted with a still larger audience."  
 The switchback on the Barre railroad above South Barre is being extended some 200 feet so that it will be possible to bring down from the quarries as many as 20 cars instead of 10, which have been all that could be handled as the switchback was not long enough on which to run them out. The longer the train, with the air and improved brakes nowadays, is considered to be safer and easier to handle than a short train. The steam shovel has been at work there for some days. The improvement will enable the road to bring down from the hill more loaded cars of granite, thus supplying the granite trade with plenty of stock without making so many trips from the hill.

## GIVES \$100,000 TO CHARITIES.

John D. Flint of Vermont, Very Liberal in His Will.  
 Fall River, Mass., Sept. 11.—John D. Flint, who left Peacham, Vt., when 19 years old and died here August 25, left an estate estimated at \$2,000,000, of which \$100,000 is left to charities and the balance to his wife. Mr. Flint joined the Methodist church in Peacham when 17 years old and this denomination is generally remembered in his will. The New England Southern M. E. conference receives \$5,000 for superannuated ministers; the Western Foreign Missionary society, \$5,000; the Methodist Missionary society, \$5,000; Cladin university, Orangeburg, S. C., \$10,000; the Methodist society for work in Africa, \$5,000. Mr. Flint had previously assumed the building of a church here for the Methodist Italians to cost \$5,000. The rest of his bequest, varying from \$1,000 to \$5,000 each, are given to local charities, including the Children's Home the Boys' club and the Home for Aged people. Mr. Flint was a large owner in several prosperous cotton mills and in real estate, naming three of his business blocks, Vermont, Caledonia and Peacham respectively.

## What is Sound?

The natural question, "What is sound?" opens up a world of mystery and of delight to those that like that sort of thing. Anything that sets up vibrations in the air, where there is an ear to receive them, makes a noise. An alarm clock in a vacuum jar may whirl ever so busily, but it makes no sound. There must be air or there is no sound, and there must be an ear to carry the vibrations to the brain or there is no noise.—Delineator.

## The Sheffield Club.

The Sheffield club is the oldest football organization in the United Kingdom. It was started in 1855, and its minute book for 1857 is still in existence.

## German Silver.

German silver is a base, containing from fifteen to twenty-five parts of nickel in each hundred.

## Spiders.

The spiders that spin webs are in an infinite minority compared with those which do not. Ground spiders, as the spinners are called, abound everywhere and depend on agility and swiftness of foot to catch their prey.

## Vanilla.

Vanilla comes from a genus of climbing orchid which grows plentifully in the tropics.

## Etiquette in China.

In this country etiquette is largely a matter of custom and tradition; in China the manners of every class are dictated by a special academy under the emperor.

## Thirst.

Rinsing the mouth with very hot water stops the thirst. This is safer than drinking when the body is overheated.

## The Vulgate.

The Vulgate is the authorized Latin version of the Bible, made by Jerome between 383 and 405 A. D.

## Fruits and Vegetables.

Not until Henry VIII's time were either raspberries or strawberries or cherries grown in England, and we do not need of the turnip, cauliflower and quince being cultivated before the sixteenth century or the carrot before the seventeenth century.

A noteworthy addition to the flora of Stove is the narrow-leaved spleenwort, a station for which he has been found there by Miss Clara Barrows. This is a rare and beautiful fern in appearance somewhat like an enlarged Christmas fern. It was found in the vicinity of a recently discovered station for Goldie's shield fern another rare fern of stately growth.

## Farewell to Summer Goods! Early Display of Fall Suits!

Our sale of Summer Suits last week cleared our racks and in their place you will find the New Fall Suits, which are already being called for by those who are looking for the up-to-date garment for immediate use. In our showing of Suits are some of the best numbers picked from a few of the best New York Suit houses. In our north show window are displayed a few of the leading styles.

## LADIES' TAILORED SUITS.

To start the season we are showing some extra good numbers in Ladies' and Misses' Tailored Suits.

A line of Suits which we are showing in broadcloth are of unusual worth. These are Suits we have bought in three different styles and they come in all colors and black. Same are made by one of our best New York houses and are made for a regular \$20.00 Suit. We are showing them as a special at \$18.00. Compare the quality of material with Suits at \$22.00.

The loose New England cut of Suit is one of the leaders. The tailoring of the garment gives it a finish and style which attracts the majority of buyers.

What remain of Coats and Suits we had in our clean-up sale will be left at the sale price. We intended to put them back to half price, but there are so few left we will close them at \$3.98, \$5.98 and \$7.98.

## POOR APPLE OUTLOOK.

Farmers Say the Fruit Will Be Small and Rare.

Burlington, Sept. 11.—Farmers in the city yesterday from Grand Isle and Charlotte were not enthusiastic over the outlook for the apple crop. To be sure, apple and maple sugar crops are always reported early in the season as failures, but unless there is a late fall this year, apples will certainly be small and rare. The recent drought has stunted the growth of the fruit in many orchards, and as a whole it is undervalued. Only a late fall will make the apples develop properly, which makes the apple deal entirely a weather proposition. Apples that should be from 2 1/2 to 3 inches in circumference at this time of the year are only 2 to 2 1/2 inches, and considerable doubt exists whether it will be possible to recover lost ground. The growers are now talking of prices ranging from \$4 to \$5 per barrel, but the "Packer," a paper devoted to fruit growing and published in New York, has not heard of any sale at high as \$4.

## ORANGE.
